

# CIRCUITRIX 2.0

## DESCRIPTION

**TEAM TECHNOCRACY** is thrilled to present Circuitrix 2.0, a dynamic competition focused on the art and science of assembling circuits. This event is designed to challenge participants' skills in circuit design, problem-solving, and teamwork. Circuitrix2.0 will provide a platform for participants to showcase their proficiency in assembling circuits while emphasizing creativity and efficiency. The event encourages innovation and collaboration, reflecting the essence of technological advancement.

## EVENT DETAILS-

- Round 1

(Elimination round- It will be an online quiz top 25 participant will be considered for next round)

- Round 2

(In this round teams of 3 will be made by us and given a circuit. The first 4 teams to finish the circuit will go to the final round.)

- Round 3

Same as previous round another circuit will be assigned to the final 4 teams and the first to finish will be considered the winner.

- (Apart from this, participants will be added in a WhatsApp group and detailed information will be shared there.)

## RULES AND REGULATIONS-

1. In the round 1 candidates will be shortlisted on basis of right answer and the time taken (faster you solve more chances of your qualification)
2. In round 2 and 3 circuit assigned will be random and all the required equipment's will be provided by us. You will just have to assemble them.
3. For round 2 and 3 team will be made by us and it will be random all the participants must have to coordinate with the assigned team.
4. Unethical behavior could lead to disqualification. Faculty-coordinators have all the rights to take final decision for any matter during the event.
5. Judge's decision will be considered final.
6. \*Rules may subject to change.

## PRIZES-

Exciting prizes, including goodies and various opportunities, await the top-performing teams. Our event partners are proud to support Circuitrix and recognize the talent and innovation displayed by participants.

## **REGISTRATION-**

Teams can register for Circuitrix through the official Aavartan Tech Fest website. Early registration is recommended, as the number of participating teams is limited.

## **CONCLUSION-**

Circuitrix promises to be a thrilling exploration of circuit assembly skills, challenging participants to push the boundaries of innovation. The Committee Technocracy invites all tech enthusiasts and aspiring engineers to join us for this electrifying competition and showcase their prowess in assembling circuits at Aavartan Tech Fest!
